This form accurately reflects the mathematical process used for determining program admission for applications submitted from March 1 to June 1, 2025. All applicant information entered is subject to program verification. The input of inaccurate information will yield inaccurate results. Documentation to verify information must be uploaded for the application to be considered complete. If information is not uploaded and cannot be verified, the application will be disqualified. Meeting minimal requirements does not guarantee acceptance. Individuals who have completed all general education courses & other application requirements will be considered for program admission before those who have classes/requirements in progress at the June 1st deadline. In the event of a tie, the applicant with the highest numerical average in PTA 120 (first attempt) will be accepted. If this does not fully resolve the tie, the program will then consider the highest GPA points followed by highest ACT composite score followed by highest ACT reading sub score.
